DETAILED ACTION

1. Claims 9-26 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The claims appear to be a translation from a foreign document and contain limitations that aren't clear or are indefinite in nature. In claim 9, line 2, the "walls" and "the chambers" lack clear antecedent basis. No walls have been structurally set forth in a positive manner in the claim. Further a double channel fails to provide antecedent basis for "the channels". On line 8 of claim 9, "opposing walls of the branches" lack clear antecedent basis. Further on line 8, "(bear" appears to be a typographical error. On line 9 of claim 1, "remaining walls" lacks clear antecedent basis and is indefinite in nature. Finally "a recess cavity" has not been positively recited in the combination or structurally located. The remaining claims should be reviewed and amended into proper claim form.

2. Claims 9-26 would be allowable if rewritten or amended to overcome the rejection under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to David B. Jones whose telephone number is 571 272 4518.
